2016	20.2%	19.4%	7.5%	14.8%	10.9%	7	4.1%	3915	4922
2017	19.9%	19.1%	22.4%	14.3%	10.2%	7	1.5%	3753	5132
2018	-8.9%	-9.5%	-8.7%	11.2%	10.4%	6	1.9%	2384	3655
2019 to date	9.2%	9.0%	11.0%					2596	3967
3yrs per annum	16.1%	15.4%	12.6%						
5yrs per annum	5.2%	4.4%	6.5%						
Since inception per annum	7.3%	6.7%	3.9%						
Since inception cumulative	285.3%	245.4%	109.7%						

Inception of composite 1st January 2000.

NDR = Net Dividends Reinvested.

\*Part of the composite AUM may include currency-hedged assets.

**The value of all investments and the income from them can go down as well as up; this may be due, in part, to exchange rate fluctuations. Past performance is not necessarily a guide to future performance.**

## **Disclosures**

### **Compliance statement**

Oldfield Partners LLP claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Oldfield Partners LLP has been independently verified for the periods 1st January 2001 to 31st December 2017. The verification reports are available upon request. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation.

### **Definition of the firm**

Oldfield Partners LLP is an independent investment management firm established in December 2004, authorised by the FCA in January 2005, and beginning operations in March 2005. For the purposes of compliance with GIPS, the firm is defined as all assets managed by Oldfield Partners LLP. The firm also includes assets that were previously managed by Alta Advisers Ltd and were subsequently transferred to Oldfield Partners LLP. The historical performance record from Alta Advisers Ltd is linked to the performance of Oldfield Partners LLP.

### **List of composites**

A complete listing and description of all composites is available on request.

### **Composite description**

The Global Equity Composite includes global portfolios managed for external clients run with the following style: large cap, value focussed, concentrated, index ignorant and anti-short term. There is no minimum account size and the benchmark for this composite is MSCI World Net Dividends Reinvested.

### **Composite creation date**

The composite was created when Oldfield Partners achieved GIPS compliance in June 2007.

### **Ex-post standard deviation**

The three year annualised standard deviation measures the variability of the composite and the benchmark returns over the preceding 36 months. Standard deviation measures are not required for periods prior to 2011.

### **Fees**

Gross of fees performance is calculated gross of investment management fees and, where applicable, net of custodial and administrative fees. Net of fees performance is presented net of actual investment management fees and where we operate as a sub-advisor it also includes the advisor's manager fees. Returns are net of all trading expenses. Investment advisory fees are described in Oldfield Partners LLP's Form ADV Part 2A.

### **Fee schedule**

Fees vary between accounts contained within the composite, in particular between segregated accounts and pooled vehicles. The highest fee Oldfield Partners LLP charges on any account within this composite is 1.25% per annum.

### **Historic net/gross returns**

Net and gross returns are the same from 2000 to March 2005 as the investment management fees charged on the portfolios during this period were so low as to have an insignificant impact on performance and the decision was taken not to gross up the net returns.

### **Currency of results**

The results are presented in US Dollar terms.

### **Exchange rates**

Sources of exchange rates and share prices may differ between the benchmark and the individual portfolios contained within the composite.

### **Composite dispersion**

Composite dispersion is only calculated if there are more than five accounts included in the composite for the full year. Dispersion is calculated as the highest return achieved for an account included in the composite minus the lowest return achieved for an account included in the composite. The calculation uses the gross of fees annual returns.

### **Leverage/Derivatives**

From time to time portfolios may use Currency Forwards to hedge currency.

### **Withholding and capital gains taxes**

Performance is calculated net of all non-recoverable withholding taxes and where applicable, net of capital gains taxes.

### **Additional information**

Policies for valuing portfolios, calculating performance and preparing compliant presentations are available upon request.
